- _____ 3 SPH-R 381 Leisure & Aging (Fall)
- _____ 3 SPH-R 382 Therapeutic Interventions with the Elderly (Spring)
- _____ 3 SPHS-S 307 Cognition/Communication in Aging (Spring)

Other College of Arts and Science topics may be taken as an elective with Advisor approval

* Two prerequisite courses, SPH-F 150 and SPH-F 258, or their equivalents, are required for this minor. For this reason, an additional 6 credit hours will be required for students without any background in life span development or family interaction. However, students may choose F 150 as their elective course for the minor. If they do so, the minor would only require an additional 3 cr. for prerequisite courses.

** These courses may be taken as an elective if they were not already taken as a required course.

First name

10-digit ID number

Note: Students are responsible for checking with their degree-granting school/unit to determine whether this minor may be officially recorded on the transcript. The various schools on the Bloomington campus may limit the number of credit hours outside their school that will count toward a degree. Students should check with an advisor in their school for information about minor rules.
